It's Here, Cameron Hosts West Week

Western Week Queen Candidates

Town Won't Bust But It May Try

Cameron may not come apart be announced at the gaited horse show 7:30 p. m. Friday at Wilson Ledbetter Park.

Pete, the Tramp, will give two performances Thursday at 11 a. m. and 3:30 p. m. and a mystery cowboy will circulate throughout downtown Cameron all three days. Those able to identify him will win prizes.

And there will be presentation of the Shetland Pony Saturday night at the gaited show.

At 7 p. m. Thursday, a buckboard supper will serve an expected crowd of hundreds at Wilson-Ledbetter Park. Other events include a Western Skit by Cameron Explorer Scouts and a Water Polo Event by the Cameron Volunteer Fire Dept.

Tending "bar" at Shortbranch Saloon, corner of Main and Central, Friday night will be:

7:15 - 8:00 p. m. - Mr. and Mrs. George Hollas and Mr. and Mrs. Charles Chandler.

8: - 8:30 p. m. - Mr. and Mrs. Buddy Shipp and Mr. and Mrs. Louis Hollas.

8:30 - 9 p. m. - Mr. and Mrs. Monroe Fuchs and Mr .and Mrs. Oscar Zotz.

9 - 9:30 p. m. - Mr. and Mrs. Eugene Mitchan and Mr. and Mrs. Louis Holley.

9:30 - 10 p. m. - Mr. and Mrs. Richard Williams, Mrs. W. K. Leonard and Mrs. Joe Lee Vybiral.

10 - 10:30 p. m. Mr. and Mrs. Forrest Sapp and Mr. and Mrs. Frank Matula.

10:30 - 11 p. m. Mr. and Mrs. Joe Zarosky and Mr. and Mrs. John Henderson, Jr.

Cameron may not come apart for the next three days, but it looks like it's going to try during the fourth annual Western Week and the eighth annual Cameron Horse Show.

Events that sweep the interest of old and new, young and elderly get going with a shootout 10:30 a. m. Thursday and end with the classic gaited horse show and Western Week queen crowning 7:30 p. m. Saturday at Wilson Ledbetter Park.

In between are clowns, twist contests, buckboard suppers, talent shows, street dancing, the traditional Western Week parade 5:30 p. m. Friday and a host of Western re - enactments.

NO BEARDS

No one needs a beard this year. The air is "hairy" with plans like the "Short Branch Saloon", where soda pop "whiskey" will spill out the tumblersful. Serving it up will be members of the Cameron Couples Club, who are also sponsoring the Friday night variety show where local celebrities and the nine Western Week queen contestants will be featured.

Introductions will be by KMIL's Uncle Henry Shod, master of ceremonies, whose characterization has gained wide interest. Showtime is 7:30 p. m. Friday. Twist contest winners from Friday morning's event will also receive their awards.

The variety show will feature three additional acts in the Western Week lineup. They are Bill Marek, soft shoe tap artist, 8 - year - old Debora Ann Brashear and Betty Shuffield, both Western vocalists.

OTHER TALENT

Other local talents include Don Edmonds and his guitar, Mrs. Mona Zotz, ballad singer and yodler, Joe Lee Heitman at the piano and the Five Nomads, including Charles Schuhsler, Roy Wohleb, Wally Short, Roy Woods and Tom Moody.

A street dance will follow Friday night's variety show.

Late Saturday afternoon, the annual Horse Show parade will go through Cameron, featuring Yoe High School Band, Cameron Saddle Club riders, special floats, new cars and visiting riders from Central Texas saddle clubs and other marching units.

The twist contest 9:30 a. m. Friday in the 100 block North Houston will feature three age groups: 3 to 6, 7-12 and 12 and over. Ribbons and other awards will go to the winners. Out-of-town judges will determine the winners.

QUEEN CONTEST

Saturday at 10 a. m. at the Milam Courthouse, same site for Friday night variety show, will be the second annual Western Week Queen's Contest with nine young ladies competing. Final entry was Miss Mona Mauldin daughter of Mr. and Mrs. Roy Mauldin, of Cameron. See pictures this page for complete lineup of queen entries.

The Western Week queen will

WESTERN WEEK TIMETABLE

THURSDAY

10:30 a. m. - Shootout
11:00 a. m. - Pete, the Tramp
2:00 p. m. - Water Polo Event
3:30 p. m. - Pete The Tramp
7:00 p. m. - Buckboard Supper
Wilson Ledbetter Park

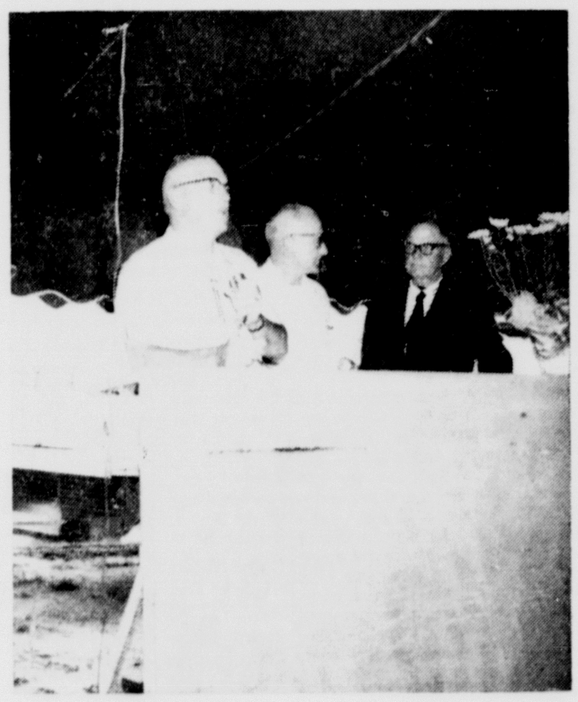
FRIDAY

9:00 a. m. - Western Skit
Explorer Scouts
9:30 a. m. - Twist Contest
3 age groups – Up to 6; 6 - 12; 12 and over.
Western music and Group Singing.
7:30 p. m. - Variety Musical
"Uncle Henry Shod" -- Master of Ceremonies
Street Dance

SATURDAY

10:00 a. m. - Western Week Queen Contest
Courthouse Square
2:30 p. m. - Horse Show
Wilson-Ledbetter Park
5:30 p. m. - Western Week Parade
7:30 p. m. - Gaited Horse Show
Wilson Ledbetter Park
Queen Contest Winner Presented.

"SHORT BRANCH SALOON"
OPEN DURING WESTERN WEEK AT MAIN AND CENTRAL



DURING CEREMONY -- Dr. I. W. Rupel, head of Texas A&M's dairy department, cites the value of Elm Creek Farm's addition to Texas dairying. Looking on are G. F. Dunston, manager of the new operation, and E. A. Perrin, master of ceremonies, and key figure along with his son, Frank Perrin, Cameron contractor, in providing land for the J. K. Stuart operation.

Industrial Expert Speaks In City

"Cameron's best chances for industry lie in an industrial foundation, good enthusiastic civic leadership and favorable first impressions."

Speaking was Harry W. Clark executive director of the Texas Industrial Commission, before representatives of the Cameron Chamber industrial committee, the City Council and County Commissioners Court. They met Tuesday afternoon at First National Bank, Cameron.

He described the workings of the Texas Industrial Commission and assured Cameron and County leaders that "getting industry is competitive, hard work, expensive, but just about the only hope for small towns."

Clark was in Cameron for a day to review potential industrial sites and meet Cameron and Milam government and civic leaders.

He advised them to work for three types of industry most interested in towns of Cameron's size:

ONE — Sewing factories.
TWO — Metal fabricating plants
THREE — Furniture upholstery operations.

Clark, an expert in industrial location with both private and state authorities, suggested that Cameron establish an industrial "park", similar to sites that are being developed by Hearne, Caldwell and other Central Texas towns.

And he advised Cameron and Milam leaders to ask the aid of private utilities and railroads for expert assistance in making industrial contacts.

Earlier in the day, Clark touched on the need for good impressions. He said that areas such as the vacant buildings on the Courthouse Square can cause industry to lose interest in a town when the basic "economic qualifications of favorable location, tax structure, utilities and transportation are there."

He pointed out that Clovis, N. M., located a Swift & Co. packing plant which uses 85 per cent of its beef and feed from Texas and ships 85 per cent of the processed meat back into Texas for sale.

Two ways of getting industry are economical and intangibles, Clark told the group.

He said waitresses and service station attendants are important to the first impression of a town and can help a town greatly when they boost it.

And he suggested that the economics of industrial location require sites and a foundation to provide the funds to get them.

Attending the meeting were County Judge Don G. Humble, Commissioner LaVert McKinney, Councilmen Roy Griffith, E. L. Wied, John A. Smith and Starrett Hickan, and Industrial committee co-chairmen Lester Williams and Dana Kestnebaum, Chamber President E. O. Schiller, Jr., and a number of industrial committee members.

DAIRY OWNER -- J. K. Stuart, of Bartow, Florida, acknowledges the warm reception given his Milam operation and explains that location of the land, co - operative people and Milam's terrain were key factors in selecting the near - Cameron location. He introduced a number of Texas friends and Bill Holm, of California one of the two designers of the automatic equipment.

Council Approves Survey Of Cost For New Sewerline

The City Council Tuesday assured a delegation from West Cameron that a cost survey would be run for sewer service to that part of town.

Council action followed a request for service from B. F. Grimes, spokesman for the eight-man group and reading of a petition seeking the service, signed by a number of residents of the area.

Grimes said conditions are such that septic tanks are inadequate to handle the need for regular sewer service in the West Cameron area. He referred to businesses along W. Fourth St., near the city limits.

Mayor Coleman Duncum said the City realized the area needs help and promised a survey to determine cost of service and lines in that area.

City Councilmen also gave approval for Negro residents to build a rodeo pen on the north side of Negro Ball Park.

Also approved were:

--Extension of sewer service to 5 homes north of the North Austin line to be charged at a cost of $411 for pipe plus advance sewer charges and tap fees.

Duncum reports that the City and Santa Fe Railroad will jointly improve the E. Main St. rail crossing with Santa Fe widening and boarding the crossing and the city providing grade work.

--Routine reports from the city public works, water and police departments.

600 See Opening Of Major Dairy

About 600 visitors attended the opening of Elm Creek Farm 2 p. m Friday despite a rainfall just before ceremonies began.

Hundreds were visibly impressed by the complex of dairy barn, bull and calf barns and other facilities built during the past six months on the 1250 - acre farm, northwest of Cameron.

J. K. Stuart, of Bartow, Florida, owner of the new Milam dairy industry, spoke briefly on the new layout, first of its kind in the Southwest.

G. F. Dunston described the 350-head herd of Holsteins and registered Jerseys and the physical facilities of the plant that includes filtration, sewage and automatic feeding and milking.

E. A. Perrin, Cameron civic leader, was master of ceremonies and introduced a number of guests from the Cameron area, including Cameron Mayor Coleman Duncum.

Duncum told the group that Cameron welcomed the Elm Creek Farm dairy industry and was happy that Stuart chose the Cameron area for the location.

Special speakers during the opening ceremonies also included Roy Smith, president of the South Texas Milk Producers Association; Bill Holm, of California, one of the designers of the milking system; Dr. I. W. Rupel, head of Texas A & M 's dairy department; W. E. Echols and J. B. Maury, of Borden's, Houston.

Consensus of the guest speakers was that Elm Creek Farm was one of the most modern in the United States. Dr. Rupel lauded the enterprise as an outstanding example of what individual initiative can and will do in the dairy industry.

Following the ceremony under the tent, the visitors moved through the facilities.

RC Drive Just $47 From Goal; Support Lauded

The North Milam Red Cross had received $3,053.29 of its $3,100 goal by Tuesday, all but ending the emergency program to raise funds here.

Mrs. Walter Lester, treasurer of the drive, reported that Buckholts had turned in about $90, the Cameron Negro Welfare Council about $150, Elm Ridge $14.50 and business contributions another $25.

H. D. Maxwell, county Red Cross chairman, extended the appreciation of the Red Cross, drive workers and local hospitals for the generous support throughout the area.

Officials expressed special thanks to workers in all Cameron and rural centers, to Cameron businessmen, Rotarians and Lions, who gave both time and money and to volunteer workers from the Delphian, Fleur - de - lis, Three Arts and St. Monica's Christian Mothers and Women's Clubs who made the house - to - house drive a success.

Former Citian Head Austin Bank

John S. Burns, former Cameronite, has been named President of the City National Bank in Austin. He assumed his duties July 1.

Burns has been a long - time officer at the Capital National Bank in Austin. He is the son of the late S. M. Burns, Jr. and Mrs. Burns, who was formerly Miss Eulah Dobbins. He is the nephew of Bill Burns and Miss Mary Burns of Cameron.

DAIRY SCENE -- Here is a panoramic shot of the Elm Creek Dairy "milk-parlor", visited Friday by some 600 Cameron and Milam residents. At left is the tent where open house ceremonies began. The "milking" parlor" has 7, 200 square feet under roof, including offices, storage facilities and milking area.

County Agents Notes...

New Dual System For Grading Beef

By J. D. Moore
MILAM County Agent

Beginning July 1, the livestock and meat industry will be offered an opportunity to evaluate a new approach to beef grading when the U. S. Department of Agriculture available on a trial and optional basis.

The new program, if generally adopted, would provide greater dollar and cents incentive through the private marketing system for cattlemen to produce the type of beef that consumers want.

The trial period for evaluation will last one year. The proposed system would provide for two separate grade identifications on beef carcasses. The Quality Grade, which indicates palatability of meat reflecting factors associated with tenderness, juiciness, and flavor has been widely used for over a quarter century. The proposed additional standard relates to the cutability -- the percentage of salable meat which the retailer can cut from the carcass. In today's market both of these characteristics strongly influence the ultimate value of the beef carcass.

Dual grading provides a more precise market identification for beef carcasses and is also applicable to live cattle. It therefore would furnish the means for a more accurate reflection of consumer preferences back through the marketing channels to the producers.

This should result in the producer being paid for his cattle on the bases of their value at the retail-consumer level. More important, it would encourage the production of meat - type cattle with carcasses that combine high quality meat with thickness of muscling and a minimum of excess fat.

The agricultural marketing service's livestock division has been developing and testing the dual grading system for nearly 10 years. It has been demonstrated before cattle producers, market agencies and university reasearch groups.

The current grade standards utlize the best indicators of beef quality but does not reflect the cutability, the amount of excess fat that retailers trim off retail cuts to make them more acceptable. Briefly, cutability differences will be indentified by six yield grades. These will be numbered from No. 1 to No. 6, with No. 1 representing the highest yield of retail cuts and No. 6 the lowest.

Under the present Federal meat grading program, the grade of a carcass is indicated by a purple ribbon - like imprint of the grade name enclosed in a shield Dual graded meat will be identified by a similar ribbon - like imprint of quality name, also a cutability grade stamped on each quarter of the carcass. These grades will be stamped in red.

U. S. D. A. research has shown that cutability can be accurately predicted by considering just four basic factors: the thickness of fat over the rib eye, 2 - the size of the rib eye, 3 - the quality of kidney, pelvic and heart fat, and 4 - the carcass weight. Determination of cutability and quality can be made at the same time by the official grader.

LOCAL APPLICATION

This type of material is furnished for public information through the cooperation of our newspapers, for consumer education as well as cattle producers. Dual grading indicates a trend. Most cattle graders are able to identify the higher dressing cattle.

Local cattle breeders should take note of these trends and learn all they can about producing the kind of cattle that meet the best market demands. In other words, the cattle producers responsibility does not end with the initial sale of his calf crop to local markets.

Lack Of Water Can Cut Production

COLLEGE STATION — Water, water everywhere but Bossy needs a drink. Water, the cheapest item in milk production, is all too often the limiting factor, says A. M. Meekms, extension dairy specialist, Texas A & M College.

Milk is about 87 percent water and the dairy cow needs about five gallons of water to produce a gallon of milk. Water also comprises 75 per cent of the cow's total weight, adds Meekma.

The food nutrients are carried to the parts of the body by water and the body wastes are carried from the animal by this important liquid. Of all the animals, the dairy cow in milk requires the greatest amount of water in proportion to her size. Thus, to the dairy cow water is as important as feed.

The amount of water a cow will drink depends upon her body size, the amount of milk she gives, the air temperature and humidity and the amount of water in the feed she eats. An average consumption of water per day is 12½ to 15 gallons but some very high producing cows may drink 35 gallons or more.

Therefore, make sure your herd has access to plenty of fresh, clean water of a desirable temperature and at a convenient location the year round, recommends Meekma.

Milam ASCS Report

County price support rates for 1962 crop grain sorghums have been received in the county office according to Alva E. Sanders, office manager of the Milam County Conservation Service. The rate for grain sorghums grading No. 2 is $2.16 CWT.

Sanders pointed out that 1962 basic price support rates are for grain sorghums grading No. 2, rather than for No. 2 or better as under previous programs, and that a premium has been established for grain sorghums grading No. 1.

In the approval of warehouse-storage loans, the applicable premium and discounts for eligible grain sorghums shall be applied to the basic support rate at the time the loan is completed. In the case of farm - storage loans the premium for eligible grain sorghum grade in No. 1 shall be applied to the basic support rate at the time of settlement.

FARM INCOME

Dairying is the largest single source of farm income in the United States, involving about one-fifth of our agricultural economy.

COTTON REPORT

Thunder showers to heavy rains fell in most all sections of the Area. Activity in the spot markets was seasonally slow. Shipper buying was small in volume. Domestic and foreign purchases decreased.

Harvest in the Valley was beginning to pick up when localized light and up to five and one-half inches of rain fell early this week. Around fifty bales had been ginned last week and most gins expected to begin running this week. The heaviest rains occurred in the dryland sections and will improve crop prospects. The irrigated acreage was in good shape but needed hot, dry weather. Insect and worm infestations were increasing with some fields as much as 80-90 percent infested with rigid control measures had not been followed The Coastal Bend crop continued to improve in most counties. Fields are in good state of cultivation generally, except in a few local spots in the upper Coastal counties where weeds and grass were a problem. Plants are fruiting satisfactorily. Cotton control measures were holding cotton pests in check so far. Hot, dry weather has been beneficial to the crop in most sections of central Texas. Plant growth and fruiting was satisfactory. Good progress was made in controlling insects. Light rains fell this week and will be beneficial to late plantings. The crop in North Texas continued to make good progress with conditions above average. Fields were full of blooms and small bolls were beginning to show. Rains from one to three inches fell this week. In the Abilene and Lubbock areas the crop was about all planted or replanted.

Early plants were up to a good stand. Weeds and grass were causing some concern in local areas. Additional moisture fell this week. In Oklahoma excessive rains delayed planting and replanting. Stands are poor to good in early planted fields. Many fields are too wet to cultivate. Some acreage will be diverted to feed crops.

AUCTION REPORT

Cattle numbered 219, hogs 71 and sheep 46 at Cameron Livestock Auction Sale last week.

Prices paid were:

STEERS:		
Good & Choice Fed Steers & Yearlings	22.50	25.00
Common to Medium	21.00	22.00
Fat Cows	12.00	15.50
Canners & Cutters	10.00	12.00
Stocker Cows	15.50	17.50
BULLS	15.00	18.50
CALVES:		
Good & Choice Slaughter Calves	25.00	26.50
Common to Medium Kinds	23.00	24.50
Culls	19.00	Down
Good & Choice Stocker Calves	26.00	32.00
Heifers	24.00	Down
Medium to Good Stocker & Feeder Steers	20.00	23.00
COWS & CALVES		
Good	185.00	215.00
Medium	150.00	185.00
Plain	140.00	Down
HOGS		
No. 1 to 3 grade tops 200 to 250 lbs.	17.40	17.80
Heavy butchers 255 to 270 lbs.	16.10	17.50
Light butchers 155 to 195 lbs.	15.50	17.70
Sows (all classes) 250 to 505 lbs.	13.80	14.10
Boars	7.10	8.50
Feeders, 25 to 140 lbs.	14.10	15.60
Stags		9.00

FHA Officers Attend Meeting

The FHA officers attended a district workshop June 14 at the Lakeview Methodist Assembly near Palestine. The workshop was for all FHA officers of District II, Area VIII.

The meeting was attended by Mrs. Joe Parker, honorary member, Nelda Parker, district historian, Linda Tucker, vice president of Yoe Senior Chapter, and Janice Simecek, reporter of Yoe Senior Chapter.

FHA officers from Slocum, Palestine, Fairfield, Teague, Athens, Cayuga, Westwood, A & M Consolidated, Rockdale and Cameron were present. The activities of next year were discussed and ideas exchanged. After lunch there was a recreation hour followed by swimming.

Fertilizer Still A Good Buy For All Farms

COLLEGE STATION — Many farmers and ranchmen who are looking for a good buy in production items are finding it in fertilizers. The use of this item of production is one of the best ways to reduce per unit production costs and increase net income, says Cecil Parker, extension farm management specialist.

The price of fertilizer did not increase during the period from 1951 to 1960. But, during the same period, wages for hired farm labor increased 34 percent, farm machinery costs increased 29 percent and real estate taxes 62 percent, added Parker.

Texas farmers and ranchers are realizing that fertilizer is a good buy because they increased the amount purchased during this period 23 percent and there is room for additional increases in fertilizer use.

In considering the use of additional fertilizer, a soil test should be made. A soil test will tell the amount of additional plant nutrients required for a given level of production. Also, it indicates the proper balance between plant nutrients for optimum growth and yields.

The form of fertilizer from which the recommended plant nutrients are obtained will have some influence on their price. Study the various forms and analyses in order to save in fertilizer costs but be sure to buy the kind and amount needed and don't just buy fertilize, explains the specialist.

To determine just how good a buy fertilizer is on your farm, be sure to leave a check plot, recommends Parker.

Local county agents can supply information on fertilizers and assist in planning a fertilizer program for your farm or ranch, advises Parker.

Local Scouts At Camp Tahuaya

Camp Tahuaya, in its third week of the camping season, has Scouts attending from Gatesville, Cameron, Rockdale, Temple, Nolanville and Waco.

Camp Director, W. A. Martin, invites all parents and friends of Scouting to visit Camp between now and August 4 to see for themselves what camping means to the boys who are fortunate enough to have leaders bring them to Camp Tahuaya for a week.

Parent's night Bar - B - Que will be at 6 p. m. each Thursday evening with the Order of Arrow - Call - outs following at 8 p. m.

The names and Troop numbers are as follows:

Troop 89, Rockdale, Bill Summers, Scoutmaster; Campers -- Jerry Biehle, Marshall Enquist, Jim Curik, Gary Tuma, Ronnie Menges, Gary Westbrook, Larry Buechley, Tim Cook, George Buechley, John Collier, Billy Pearson, Bert Dockall, Randy Kirchenwitz, Gerald Tyus and Jackie House.

Troop 90, Rockdale, J. L. Lester, Scoutmaster; Campers -- Wayne Holliman, Dwight Lester, Joe Reed, Tommy Curry, Byron Cook, Johnny Ward, Thomas Voscamp, W. F. House.

Troop 181, Cameron, J. J. Heitman, Scoutmaster, Judge William Wallace, Ass't. Scoutmaster; Campers -- Jerry Prescott, Eugene Wallace, Jerry Heitman, Dennis Rose, Donnie Rose and Richard Hughes.

BARBECUE TURKEY

Barbecued turkey meat is excitingly new and tasty, and when cooked right it all but melts in your mouth, says F. Z. Beanblossom, extension poultry marketing specialist. Because supplies of turkeys are plentiful, he suggests their use for the next family or community picnic.

4-H COUNCIL

New officers of the Texas 4-H Council are Richard McDonald, Cameron county, chairman; Ann Richard Chitwood, Parmer county, vice chairmen and Judy Miller, Grayson county, secretary - treasurer. They were elected during the Council's annual meeting in Houston.

MILK PRODUCTON

Water is the cheapest item in milk production, but is all too often a limiting factor because dairy cows don't get enough of the right kind, says Arch Meekma, extension dairy specialist. He adds that the average dairy cow in production will drink from 12 to 15 gavllons daily but that some very high producing cows will consume up to 35 gallons or more. Don't make the cows walk too far for their water or they may not get it, he says.

IN FARM MANAGEMENTS

Many farmers and ranchmen are finding fertilizers a good production item buy. Cecil Parker, extension farm management specialist, says the price of fertilizers has not increased since 1951 and Texas farmers have increased their use by 23 per cent during the period.

Shareowners Listed For Texas

Texas has an estimated 517,000 shareholders, some 395,500 of them lving in 12 large cities and metropolitan areas, (Amarillo, Randall County; Austin, Travis County; Beaumont - Port Arthur, Jefferson and Orange Counties; Corpus Christi, Nueces County; El Paso, El Paso County; Fort Worth, Tarrant & Johnson Counties; Galveston - Texas City, Galveston County; Houston, Harris County; Midland, Midland County; San Antonio, Bexar County; Wichita Falls, Archer and Wichita Counties) and 121,500 in other parts of the state.

These are among the findings of the New York Stock Exchange's recently released 1962 Census of Shareowners, which determined that U. S. shareownership reached a new high of 17 million this year. Statistics for Texas, announced by Exchange President Keith Funston, show that:

Tepas' 517,000 shareowners comprise 3 per cent of the national total. The state total represents an increase of 142,000 or 38 per cent over the 1959 total; this in turn was an increse of 215,000 or 134 per cent, over 1956.

One out of every 19 persons in Texas is a shareowner, compared with one out of 26 in 1959 and one out of 56 in 1956.

Dividends received by Texans in 1961 totaled $367,000,000.

There are some 1,293,000 shareowners, or 7.6 per cent of the national total, in the South Central States -- Alabama, Arkansas, Kentucky, Louisiana, Mississippi, Oklahoma, Tennessee and Texas. The incidence of share ownership for the South Central States is 4.5 per cent of total population. For Texas it is 5.4 per cent.

"Shareownership has increased in every state since our last Census in 1959" Mr. Funston declared, commenting on the latest survey in the Exchange's series, the only shareowner studies of their kind and scope ever made.

"The increase in the last three years has been at a relatively uniform rate in the seven geographic regions in the Census. The most significant shareowner growth is discernible in smaller and medium - sized communities. One-quarter of all shareowners now live in communities of 2,500 to 25,00. Another 22 per cent live in cities of 25,000 to 100,000. Three out of four shareowners now live in major population centers classified as metropolitan areas.

America's shareowning population of 17 million persons in 1962 is 10 million higher than the total estimated in the first Census taken by the Exchange a decade ago, and 4.5 million above the 1959 figure. The average growth of 1.5 million shareowners a year since 1959, Funston noted, has accelerated from a rate of about 850,000 between 1952 and 1959.

the four shareowner surveys conducted by the Exchange since 1952 have determined the number of individual shareowners in publicly held U. S. corporations, as well as personal characteristics of shareowners. They have revealed

1952 - 6,490,000
1956 - 8,630,000
1959 - 12,490,000
1962 - 17,010,000

(An iterim estimate of 15 million shareowners was made in early 1961, based on projections of growth experienced in preceding periods.)

Among shareowner characteristics described in the new Census are the facts, for instance, that women still outnumber men as shareowners -- 51 to 49 per cent, compared with 52.5 to 47.5 per cent in 1959 -- and that more than half the women shareowners are housewives.

The average shareowner is 48, compared with 49 three years ago and has an annual income of $8,600 up sharply from $7,000 in 1959.

Buckholts —

L. A. Abels Host Family Dinner

By Mrs. J. W. Meyer

Mr. and Mrs. L. A. Abel were hosts at their home Sunday for barbecue dinner and a family get-to - gether of their children and grand - children. Mrs. Stanley Joe Glaser

Fischer - Glaser Vows Read In Buckholts

The sanctuary of Hope Lutheran Church, Buckholts, was the setting for the double - ring candlelight wedding ceremony 7:30 p. m. Saturday when Miss LaVelle Louise Fischer of Buckholts became the bride of Stanley Joe Glaser of College Station.

The bride is the daughter of Mr. and Mrs. Edwin F. Fischer, and the bridegroom is the son of Mr. and Mrs. Joe Glaser, all of Buckholts.

Traditional nuptial mustic was provided by Mrs. Robert Marshall of Temple, organist, and Kenneth Thompson of Temple, soloist.

The Rev. J. A. Pietsch read the wedding vows that were exchanged before an altar illuminated by two candlebra entwined with English ivy and holding Cathedral tapers and flanked by two arrangements of white gladioli. Arrangements of white Fujii mums and greenery decorated the altar.

Given in marriage by her father, the bride wore a princess style gown of while Silk Mist taffeta, designed with a square neckline and fitted long sleeves which tapered to petal points over her hands. Imported Italian re - embroidered Alencon lace embellished the neckline and extended down the front of the gown in a shaped princess panel to the hemline. The full-length skirt accented with lace appliques swept into a Cathedral train of unpressed pleats complemented with a large bow. Her jewelry was a strand of cultured pearls, gift of the bridegroom and the ring of her maternal aunt, Mrs. Elsie Wagenfuehr.

Her veil of English illusion extended in tiers to her fingertips from a queen's crown of seed pearl orange blossoms. She carried a cascade bouquet of white Phalaenopsis orchids and lillies - of - the - valley entwined with English ivy and centered with a yellow throated Cattleya orchid.

Mrs. Joe Dean Zajicek of Thorndale, sister of the bride, was matron of honor. The bridesmaids were Miss Judy Reese of Killeen, cousin of the bride, Miss Portia Smith of Temple, Miss Latricia Marek of Temple, cousin of the bridegroom and junior bridesmaid was Miss Neil Gero Fischer of Temple, cousin of the bride.

The attendants wore street - length dresses of yellow silk organza over taffeta fashioned with scoop necklines, cap sleeves and a softly draped midriff accented with an organza rose. The belled skirts featured a flat front and full, draped sides and back. All attendants wore matching satin pumps, yellow bow headbands with circlet veils, and white gloves. They carried cascade bouquets of blue carnations.

The flower girl, Miss Susan Kim May, daughter of Mr. and Mrs. Eugene May of Temple, wore a frock of blue silk organza over cotton satin with a round neckline short sleeves, and a bouffant skirt. She wore matching shoes, bow headband, white gloves and carried a small cascade bouquet of yellow carnations.

Richard Glaser of Buckholts, brother of the bridegroom, was bestman. Groomsmen were Joe Dean Zajicek of Thorndale, brother-in-law of the bride, Robert Redding of Waco, Glenn Fischer of Rogers, cousin of the bride, and James Edward Glaser of Buckholts, cousin of the bridegroom. Master Gary Hornung, son of Mr. and Mrs. ring bearer.

Fredwill Hornung of Cameron, was

Ushers were Douglas Kleypas of Buckholts, Eugene Glaser of Buckholts, cousin of the bridegroom, Louis Abel Jr. of Temple, and Carroll Gene Fuchs of Rogers.

The bride's mother chose a sheath dress of honey amber lace over satin and a hat of honey amber and nougat flowers. The bridegroom's mother was attired in a dress of mauve lace over peau de soie with matching gloves, pumps and white hat. Their corsages were Cattleya orchids.

Following the wedding, a reception was held in the Eduational Building of the church.

Mrs. Kenneth Thompson of Temple registered the guests in the bride's book.

The bride's table, laid with a cloth of ice yellow tulle over matching taffeta, was centered with the bride's bouquet. On one end of the table was the four - tiered cake which was topped with large white spun sugar bells. A cascade of yellow and white roses and blue petunias fell from the top to the base which was in the shape of a four - leaf clover.

Miss Beverly May and Miss Nancy Zavrel, both of Temple, served the wedding cake, and Miss Carolyn Von Gonten of Buckholts and Miss Barbara Meacham of Waco served the punch.

The bridegroom's table, laid with a brown Indianhead cotton cloth, was centered with an arrangement of yellow Fujii mums and English ivy. The three - tiered German chocolate cake topped with chocolate bells was placed on one end of the table and on the other end was a silver coffee service. Miss Sue Cooper of Holland and Mrs. Bill Ewing of Temple served the cake, and Miss Aileene Pilling of Cameron and Mrs. James Edward Glaser of Buckholts served the coffee.

Other members of the house party included Miss Barbara Smith, Mrs. Ronald Boatman, both of Houston, Mrs. Calvin Shenkir, Mrs. Leon Klepyas, Miss Rebecca Shenkir, all of Buckholts, Mrs. Adolph Pick of Taylor, Miss Karen Lange, Miss Janet Marek both of Cameron and Miss Brenda Pick, Miss Lisa May Miss Rebe Marek all of Temple.

For a honeymoon trip to Seattle Wash., and Lake Louise, Canada the bride chose a light gold silk shantung suit. Her accessories were an orange pillbox, white gloves and orange pumps and matching bag. To complete her ensemble she wore the orchid from her bridal bouquet.

Upon their return, the couple will live at 803 Oak St, Bryan.

The bride is a 1960 graduate of Buckholts High School and a 1962 honor graudate of Temple Junior College where she was secretary of the Lambda Theta Chapter of Phi Theta Kappa, vice - pesident of the Business Ad Club, treasurer of the Choir, on the Board-of - Control of the Luncheon Club and on the Dean's List each semester. She is also treasurer of the Chi Mu Chapter of Beta Sigma Phi sorority.

The bridegroom is a 1959 graduate of Buckholts High School and a senior poultry science major at Texas A & M College where he has been secretary - treasurer of the Poultry Science Club and a member of the Great Issues Committee and the Student Agricultural Council.

The bridegrooms' parents were hosts for the rehearsal dinner for the bridal party Friday night at the Western Room of the Texan Cafe in Cameron.

Tea In Rogers Honors Miss Merka

A gift tea was held in the home of Mrs. Edwin A.Smith, Jr. of Rogers Saturday honoring Miss Pamela Merka, bride-elect of Larry Harbour.

The hostesses in addition to Mrs. Smith were Mmes. Hansford Berry, Jimmy Shook, Wayne Crawford, Alton Green, K. P. Hachtel, B. J. Patterson and D. D. Ward.

Pink and white decorations were used throughout the house, and pink punch and cake squares were served from a table covered with white net. Milk glass was used for appointments; pink and white Camelia used in the center piece with pink candles; pink net covered the tables in the den where the gifts were displayed.

Jan Merka, sister of the bride-elect registered the guests. Alternating at the tea table were Mmes. Doug Hill of Waco, Albert Abel of Temple, Wray Durnall, aunt of the bride - elect and Miss Anita Crawford, both of Rogers.

Special guests at the tea were Mrs. J. H. Merka, mother of the bride - elect, Mrs. B. F. Harbour, mother of the bridegroom-elect; Mrs. T. C. Mahler, grandmother of Miss Merka; and Mrs. Laura Hampton, grandmother of Harbour.

Falstaf Distributing Company
Cameron, Texas

Mrs. Alfred Allen Kopecky

Coleman - Kopecky Rites In Bay City

The Holy Cross Catholic Church in Bay City was the setting for the wedding of Miss Betty Inez Coleman and Dr. Alfred Allen Kopecky. Parents of the couple are Mr. and Mrs. James L. Coleman of Bay City and Mr. and Mrs. Alfred Kopecky of El Maton.

The bride, escorted by her father wore a candlelight peau taffeta dress with a circlet neckline traced with Brussels lace trimmed with pearls. The princess line gown was fashioned with a softly pleated bell skirt terminating in a chapel train. Her elbow length veil of candlelight illusion was caught to a princess crown of pearls. Her bouquet was of stepanotis orchids and four large white, yellow - throated orchids.

Miss Mary Louise Kopecky sister of the groom, was maid of honor and was attired in a floor length gown of ice blue silk organza. Th ewide sash formed a bouffant bow in the back. A matching blue hat completed her ensemble. She carried an arm bouquet of long - stemmed pink roses.

Miss Carol Coleman of Victoria was junior maid of honor. Misses Janet and Gail Coleman of Victoria served as flower girls. They were dressed in white organza with lace trim.

Attending the groom as best man was Dr. Ed Bayouth of Hamlin and Dr. Clinton Craven of Sherman served as groomsmtn. Ushers were J. B. Housson of Ganado, Johnny Vavrecka of Sugarland, and Dr. James L. Coleman Jr. of Victoria.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending June 30 were 11 measles, 22 strep throat, 4 whooping cough, one gonorrhea, and one infectious hepatitis according to Dr. T. E. Crump, acting director of the Milam County Health Department.

FARM INCOME

Dairying is the largest single source of farm income in the United States, involving about one-fifth of our agricultural economy.

The brides mother was attired in a dress of champagne hue with matching accessories. She wore a green orchid corsage. The groom's mother wore a cornflower blue organza dress with matching accessories and white orchid corsage.

A reception was held at the Bay City Country Club. The bride's table was laid with net over white taffeta and held the traditional three tiered wedding cake. The groom's table was laid with a white linen cloth and held a bouquet of white stock, galdioli and pom mums The table held the groom's cake and silver coffee service.

Members of the house party included Mrs. John B. Henderson Sr. of Cameron.

The bride is a graduate of Bay City High School and the University of Texas where she was a member of Alpha Phi and Alpha Lambda Delta sororities.

The groom is a graduate of the University if Texas and the University of Texas Medical School. He is a member of Nu Sigma Nu, Phi Beta Kappa and Mu Delta fraternities. The couple will live at 4-5 Bloomfield Ave., Drexel Hill, Pa.

Mr. and Mrs. John Henderson were also guests for the rehearsal dinner at the Bay City Country Club.

Countians On TU Honor Roll

Listed in Magna Cum Laude for the University of Texas of Fine Arts Spring Semester hono rroll were Miss Verlene Cochran of Buckholts and James Newton Jr. and Mary Ann Tunnell of Rockdale.

Miss Cochran is a 1961 Yoe High graduate.

Alcoa Signs New Union Contract

NEW YORK -- Aluminum Company of America today signed a new two - year contract with the United Steelworkers of America, affecting approximately 12,000 employees at 11 Alcoa plant locations.

The contract, effective August 1, provides for improvements in vacations, pensions, suplemental unemployment benefits and a new supplemental vacation plan.

In addition, some modifications and clarifications in the basic labor agreement were reached. Certain uresolved issues are subject to reopening by either the company or the Union upon a 90-day notice served any time on or after June 1, 1963.

No wage increase was included in the contract. However, wages and other economic matters, including pensions and insurance, also are subject to reopening on or after June 1, 1962.

One provision of the new contract calls for continuance, during the term of the basic agreement, of the current 23 - cents-per - hour cost - of - living allowance without further adjustment.

The supplemental vacation plan provides for eligible employees to receive vacation benefits in addition to their regular vacations and, also with in the limitations of funds set aside for this purpose, provides for optional savings benefits in the case of certain older employees.

Alcoa opened negotiations with the USW on May 15. Neogtiations have continued since then with the exception of a one - week recess.

John S. Harrison, Alcoa Vice President in Charge of Personnel and Industrial Relations, said:

"We are pleased that the orderly process of collective bargaining between the Company and the Union has enabled us to arrive at a well in advance of the July 31 expiration date of the current contract.

Patients Moved At Newton Memorial

Patients at Newton Memorial Hospital were moved into the new building in about an hour Monday afternoon.

T. Y. Fisher, Homer Mowdy and Harvey Ford, of Hanover, provided music for the transfer of patients into the newly opened Newton Memorial Hospital. They played "Duraine's Hornpipe", "Eighth Day of January" and other numbers.

Officials said the first surgery was done in the new medical facility Tuesday morning. It was recently viewed by an open house crowd of about 2,000 people who saw the 28 - room air - conditioned facility which has television and private bath in each room. Room rates have the same minimum of those of the old hospital. Top rates are also the same where special facilities were also offered in the old hospital, officials said.

Band Director Resigns Post In Rogers School

ROGERS — After 11 years as band director of Rogers High school, Eugene Kaltwasser has resigned effective July 1 to become band director of Rock Island High School in Colorado County. Before coming to Rogers, Kaltwasser was band director at Macona High School for three years.

Kaltwasser, who is unmarried, holds the BM degree from Southern Methodist University and the Master of Education degree from Howard Payne College.

During his tenure in the Rogers school system, Kaltwasser has developed a fine music program with the beginners band starting with the fourth grade, then the intermediate band, with students in the seventh and eight grades going into the high school band when competent. For one year during his tenure in Rogers, he was assigned to the Bell County Cooperative program with his major assignment being with the Rogers system.

Kaltwasser was employed by the school board of Rock Island Saturday night, and resigned here Monday. His new superintendent is Ernest Moore, former superintendent at Troy in Bell County. No plans have been made in Rogers to fill the position, according to an announcement by Supt. B. F. Harbour.

Another vacancy in the Rogers faculty, according to Supt. B. F. Harbour is the half - time position of homemaking. Mrs. Marilyn Thomas resigned from this position to accept a full - day position in Temple. This position is the second teacher of homemaking, which was added one year ago. This teacher works only in the afternoon.

Health Center To Be Established For Rogers Area

ROGERS — The new Rogers Community Immunization and Health Center will be established in Rogers to serve all children in the Rogers Consolidated Independent School District from birth until graduation.

The Center will be sponsored by the Rogers Community Service Club, and Dr. L. E. Hamilton will be the Medical Director. Dr. John Bryson, director of the Bell County Health Department, told the Service Club Tuesday night in a speech to the Club that the County and State health departments will furnish the necessary medical equipment and immunization supplies for this Center. The Center will be under the general direction of the County Health Department.

The Center, to be located in newly decorated offices in the back of the Dabney Drug Store in Rogers, is expected to be ready for clinics by the first of August, according to Dr. Hamilton. Tentative plans call for clinics to be held the first and third Wednesday afternoons of each month. Mrs. Marjoire Hunt, Nurse at the County Health Department, has offered her services at each clinic; she will assist with the immunizations.

The Clnic will be well - child clinic, Dr. Hamilton stressed. Sick children will go to their family physician. In addition to keeping up with immunizations of the children, healthy iniants and other preschool children will be examined When any abnormalties are found the parents will be urged to take the children to their own family doctor for corrections.

Tracy —

Clyde Caffey Is Weekend Guest

By Mrs. Rufus J. Graves

Clyde Caffey of Austin spent the weekend with his parents the Lenza Caffeys.

Brad and Bert Green of Belton spent the week with their grandparents Mr. and Mrs. Lenza Caffey.

8th Horse Show Set For Saturday

The Cameron Saddle Club will present the Gaited Show portion of its 8th Annual Horse Show, Saturday July 7 at Wilson - Ledbetter Park. The Quarter Horse portion of the show will be held July 14.

The Gaited Show drew around 300 entries in 1961 from all parts of Texas.

The first 8 classes will be held Saturday beinning at 2:30 p. m. All classes carry prizes of Trophy and six ribbons.

Charles E. McDermott, Rt. 3, Box 200, Cameron is the Gaited Show Chairman and all correspondecne should be addressed to him.

This show is being held under Rules and Regulations of the Central Texas Horse Show and Rodeo Association.

At 5:30 p. m. a downtown parade will be held and all persons wishing to participate should meet at 4:45 p. m. at the Santa Fe depot. Curtis Barron will act as parade marshall.

Winners in 1961 Gaited Show from Cameron were Linda Silvey, Reining Class; Aubrey Hightower, Plantation Class; Buddy Shipp, Ring Race and Buddy Shipp, Rescue Race.

Classes 9 through 20 will be held beginninng at 7:30 p. m. when the Grand Entry will start at the arena in the park. The Western Week Queen will be presented and a pony will be given to the holder of the lucky number.

Facilities in Wilson Ledbetter Park are particularly well suited for horse show activities. There is plenty of shade, water, restroom facilities and camping area. The swimming pool is also located in the park and is an added attraction.

San Gabriel Dams Due Construction At Same Time

The San Gabriel Dams program received a boost when the Texas Water Commission recommended that three dams on the San Gabriel be considered as a single project with construction on all three at the same time. The recommendation will have to be approved by Gov. Price Daniel and the U. S. Corps of Army Engineers in Washington.

Federal engineers favored construction of a reservoir at Laneport, on the Williamson - Milam County line with 2 smaller dams on the north and south forks of the San Gabriel river upstream from Georgetown ti be built later.

Williamson County officials appeared in Austin last April in argument for the two upstream dams to be constructed first to provide flood control for the Georgetown area.

The Brazos River Authority urged the simultaneous construction of all three reservoirs. The Commission recommended economies in design of the Laneport Dam and that floodwaters be held in the reservoir so that during drought the water could be released to improve over - all water quality.

The Laneport dam would cost $25.2 million and storage would total 193,200 acre feet. The North San Gabriel dam would cost $12.6 million with conservation storage of 126,700 acre feet; the South San Gabriel project would cost $7.65 million and storage would total 85,400 acre feet. These figures are estimates of construction cost.

Onnie Coker, 40 Dies In Freeport

Onnie Dencil Coker, 40 of Freeport, a Dow Chemical company operator, for about 12 years, died Monday afternoon in John Sealy Hospital in Galveston after entering that hospital about two weeks earlier.

Funeral services were held Wednesday , June 27, in Freeport First Baptist Church with the Rev. Philip Brown officiating, assisted by the Rev. O. T. Vanmeter, pastor of Clute First Baptist Church. Burial was in Restwood Memorial Part under the direction of Freeport Funeral Home.

He is survived by his wife, Mrs. Adella Coker, son, Michael and daughter Sharon, all of Freeport; parents, Mr. and Mrs. Claudie Coker of Cameron; brother, Claude Dewie Coker of Oyster Creek; sisters, Mrs. Evelyn Petty of Norwark, Calif., Mrs. Lillian Sheffield of Clute, and Mrs. Agnes Roberts, Mrs. Nadine Herrin and Mrs. Doris Thorpe, all of Austin.

Mrs. Ehler Gives Cameron HD Progam

The Cameron Home Demonstration Club met with Mrs. I. N. West June 12. Mrs. Frankie Ehler gave the program on recreation. She began by defining the word recreation and then displayed several home made games.

Each member was given a leaflet on "How To Make And Play Games."

Clarkson —

Claude "Doc" Sproull announces the Cameron City Park, Sunday, July 15 , 10 a. m. is the time and place for the Ben Arnold Homecoming for old settlers and friends. Bring basket Lunch and enjoy old fashioned fellowship.

Try-Outs July 5 For Colt 45's

ROCKDALE — The Houston Colt .54's will begin registering young baseball players at 9 a. m. Thursday, July 5, when their second annual three - day tryout camp opens in Rockdale.

Players attending the camp must be between 15 and 25 years old, and American Legion ball players are required to have a letter of permission from their Legion Post commander. The outstanding boy in the camp will be awarded a scholarship to Johnny Carrigan's Big State Boys Baseball Summer Camp at Meridian, Texas.

Red Murff, Colt scout and a former Texas League and Milwaukee Braves pitcher, will direct the camp. He will be assisted by scouts Allen (Andy) Andrews and Larry Smith. Coach Ernie Laurence of Rockdale will help in the camp and handle local arrangements.

Last year 170 boys from 65 towns attended the camp, and Laurence predicted about 300 will come to Rockdale for this summer's event. The Colts announced in May that the camp would be June 6-8, but changed the date several days later.

In last year's camp Bill Utsler, Temple, won the scholarship and was named top player in the camp. Donald Cockrell, Denton, was named alternate scholarship winner, and another Denton boy, Bobby Rombach, signed a contract to play with a Houston minor league team.

A game will be played Thursday and Friday nights between players who are cut at the end of each day's sessions. "This will give the scouts a chance to get a two-way look at the players -- on the practice field and under game pressure," said Laurence.

A game between the top players in the tryout camp and the Rockdale American Legion team, which is composed of many players who won third in the state American Legion tournament last year, will be played when the camp ends Saturday night.

Each player who comes to the camp will furnish his own equipment and be responsible for his own housing and other expenses, Laurence explained. Any player signed out of the tryout camp will be reimbursed for his expenses, according to the Colts.

New Bills For TP&L Customers

Texas Power & Light Company's customers will begin receiving their electric bills in envelopes in July. The bills will be mailed in window envelopes and an addressed return envelope will be enclosed for the convenience of customers who pay by mail.

Enclosed each month will be informational material, among which will be a customer publication known as "Howdy, Neighbor," which will contain information concerning TP&L and the investor - owned electric industry, along with household hints, recipes and other information of interest to the Company's customers.

In connection with the new billing procedures, TP&L will deduct from July electric bills interest on service deposits at a rate of 6 percent per annum through December 31, 1961, except where previously paid. Should the "total amount due" on the bill reflect a credit as a result of the application of interest, such credit will be applied as a reduction to succeeding bills.

In the future, it is planned that interest on service deposits for the preceding calendar year will appear as a credit on electric service bills during January of each

GOP Leaders Attend Waco Meet

Several Milam County Republican Party leaders attended a meeting Monday night in the Lake Aire Town Hall in Waco which was held to announce final plans for conducting the GOP's campaign in the November election.

Among those attending the party session from Milam County were GOP county chairman Dr. E. O. Smith, Jr. and Mrs. Smith, Mr. and Mrs. Jack W. Tumlisnon, Mr. and Mrs. Edwin Lehman and Mr. and Mrs. James E. Luckey.

They joined a group of about 250 Republican officials and party workers from the Central Texas area.

The gathering heard short talks from a number of GOP state leaders. They included O. W. (Bill) Hayes, candidate for Lieutenant Governor, Dudley C. Sharp, of Houston who spoke on party fund raising, and Peter O'Donnell, Jr., state campaign chairman for Jack Cox, the party's candidate for Governor.

Herald Editorial Page

The Making Of A Newspaper . . .

Native Cameron residents are proving The Herald's philosophy that "hard" news makes a newspaper, this in a day when emphasis is on typographical gimmicks and pictures.

Three Herald writers, two of them youngsters, have contributed measureably to our recent news award from Texas Press Association.

Though it was second, the place was not too important. For a newspaper has a broader responsibility than winning a first in some specialty.

Herald coverage has no special interest, other than what is going on. And that covers everyone's life and Milam County's history and future.

The Herald's staff, nearly all from Milam County, has brought home awards in all categories of news and advertising. That seems to us to be significant. General excellence in farm, industry, catastrophe and courtroom reporting is the staff's record.

This broad view captures a modern need for informed generalists, as opposed to the trend to technologists. Herald staffers, young and eager or older and experienced, get the job done. They give us balance.

We believe performance of Herald talent in news advertising is unique in a newspaper of this size. And Cameron can thank those from her own ranks who are performing to a standard.

There is what they have done:

Second, weekly general news coverage, 1962, Texas.

Finalist, Texas Railroad Association industry feature, 1961.

First, Southwestern non - metropolitan weekly color lineage, 1960 - 61.

First, Central Texas weekly soil conservation farm coverage, 1959.

Fourth, weekly editorials, 1958, Texas.

In separate category, Herald advertising assisted Lewis Shoe Stores of Waco, in winning a second in National Brand Names competion in 1962.

Who are they? The staff includes: James Hollas, Lloyd Albertson, Beverly Barrett, Dorcas B. Smith, Robert Mann in news and advertising; George Jones, Woodrow Smithers, Anton Klecka and Wally Short in production. All but one is a native of Milam County.

They have been important in the making of a newspaper.

Laneport, Other Dams Get Nod . . .

It appears certain that Laneport Reservoir, after some 15 years of buffeting about, will be put on the construction list of the U. S. Army Corps of Engineers.

The Texas Water Commission last week approved a Brazos River Authority proposal that Laneport and two dams on the North and South San Gabriel be built simultaneously. Williamson County residents at first opposed Laneport entirely, then asked preference for the Gabriel dams before Laneport.

Gov. Price Daniel will now transmit a letter to the Army Engineers, endorsing the recommendation of the Texas Water Commission.

The Commission included an alternate proposal that if simultaneous construction of all three dams, Laneport the largest, is not possible, that the North San Gabriel dam, above Georgetown, be given priority, followed by the South San Gabriel and then Laneport.

But the U. S. Study Commission, the BRA, the Corps of Engineers and the U. S. Commission on Rivers and Harbors in Washington, D. C., have recommended Laneport comes first.

The Water Commission also suggested economics in the Laneport project to allow a portion of conservation storage already planned be used for water quality maintenance of Brazos River.

We have no information on construction plans because final budgeting in Washington, finalizing Laneport area plans and many other things await completion. Surveyors are now in the Georgetown area doing topographical studies.

But a long road of challenge and delay appears behind the Laneport project. And Cameron and other nearby Texas cities will most assuredly benefit from the location of this $25 million, 5,000 - acre reservoir.

INDUSTRIAL DEVELOPMENT

Dateline — Austin

State Property Up For Lease

By Vern Sanford

AUSTIN — State - owned islands along the coast, and submerged lands in inland waters, now are available for lease for industrial purposes.

Leasing for industry was authorized last year by the Legislature. First step in the program was for Gov. Price Daniel to select the men to serve on a committee to advise the School Land Board on leasing procedures.

Daniel now has named J. Chrys Dougherty of Austin, an attorney, and Dr. Armstrong Price of Corpus Christi as the advisors.

Procedure is this — a person who wants to lease state land must first apply to the city government, if the land lies in a city limit, or to the county commissioners court. They publish notices and have public hearings. If they recommend the lease the three-man School Land Board then can consider it and set the amount of rent to be paid.

First application was from Port Aransas, which wants to lease part of Mustang Island for an airport.

SCHOOL BUS BARGAINS

Prices of school buses are falling.

State Board of Control, which buys buses for all the school districts on sealed bids, found that the price of 72 - passenger buses has fallen by about $1,200 this spring.

May purchases averaged $5,430, while the 1961 average was $6,618. Same sort of declines were noted in prices of smaller buses.

LEASES GO UP

But there was a note on higher prices, too.

For many years, the University of Texas lands in West Texas have been leased for oil and gas with only one - eighth royalty reserved for the University of Texas and Texas A & M College, which share in the proceeds.

This year, the royalty was raised to one - sixth, and only 9 of 101 tracts offered for lease were passed over by the oil company bidders who bought them at an auction sale. Cash bonuses averaged $38.64 an acre. This is lower than at some sales in the past. But if they find oil or gas, the University fund will get more of it due to the higher royatly fees.

IMPACT STILL DRY

That long - expected "oasis" in West Texas will stay dry awhile longer.

It is the town of Impact, in the edge of bone - dry Abilene, which incorporated and voted itself wet in 1961.

Atty. Gen. Will Wilson and the City of Abilene brought suit to declare the incorporation invalid. But District Judge J. R. Black held that the incorporation had been validated by the Legislature. It was done in a validating act passed mainly for the City of Plano, which just happened to apply to Impact, also.

However, State Liquor Administrator Coke Stevenson Jr. announced that he will not grant a package store permit which has been pending for months. He'll wait to see what the higher courts says about Judge Black's ruling, since the case will be carried to the Texas Supreme Court.

So there won't be any legal liquor in Taylor County for many more months.

TEXTBOOK STORM

The special House of Representatives committee which had some stormy hearings wound up its business with an internal storm.

Rep. W. T. Dungan of McKinney held the final hearing all by himself in Dallas. Other four members boycotted the meeting, then voted to expunge it from the record.

Each member will write his own report to the House on the procedures by which textbooks are selected.

During its stormy life, committee heard one member called a "card Carrying Communist" by a lady in Amarillo. He filed suit against her, and apparently the folks back home didn't believe her, because he won re - nomination.

THE OLD PHILOSOPHER

Philosopher Eases Up On New Tax Sources, Figures Way To Pay The Taxes We Have Now

Dear editar:

A neighbor of mine who apparently reads The Cameron Herald came by my house yesterday and said it's all right with him if the government wants to tax cats, he's got ten or twelve around his house he'd be pleased to have revenue agents foreclose on and put up for public sale, but that what he's really interested in is not in helping the government find new sources of revenue, what he wants is help in paying the taxes the government has already thought up.

This sounds like a reasonable request and I have started off with a method to pay income tax installments on the installment plan. It's not as complicated as you think.

The government makes a lot of people pay their income tax in weekly installments, doesn't it? Everybody knows what the withholding tax is. But some weeks a man needs all his money, not just the part that's left after the government withholds its tax.

In such a case, which I figure occurs most of the time, the thing for the government to do is to sell the man a money order on credit to pay his withholding tax with. This way he'd get all his money to pay out on all the other installments he owes, and the government would get its money from the post office.

Where the post office would get its money to make the money order negotiable invovles another point, but it'll be a sad day in this country when one branch of the government can't trust another. The post office can take its money orders and put them up a collateral and borrow against them from some other branch of the government.

Where this other branch will get the money is still another question, but the way I see it, the government has so many different branches, it would be years, maybe generations, before it ran out of still another one to borrow from, and by that time a new generation would be on hand and that'd be its worry.

After all, each generation has enough to worry about on its own without taking on the generations still to come. The world has come to learn how to live with debts. In fact, if you will point out to me any govermnent on earth which is out of debt, or ever seriously expects to be, I'd like to hear about it. Make a good place to float a loan.

Yours faithfully,
J. A.

Hermann Sons Statewide Picnic Slated July 15

SAN ANTONIO — The first annual statewide Hermann Sons picnic has been set for Sunday, July 15 at the Villita Assembly Building, according to Fritz Schilo, San Antonio, grand president of the Texas fraternal order.

The event, first of its kind in the 101 - year - history of the order, will be from 2 to 11:30 p. m. and is by invitation only.

Due to the limited size of the building, the picnic will be restricted to presidents, vice-presidents, secretaries and agents of all of the Hermann Sons lodges in Texas, along with all of the elective and appointive grand lodge officers. There are more than 162 Hermann Sons lodges. Tickets have been sent to 1,250 persons.

Schilo said he believes that continued personal association between local lodge leaders and grand lodge leaders will foster increased growth and service by the fraternal benefit society.

The picnic will be a prelude to a statewide membership campaign Membership Personnel will stay over to attend a two - day school of instruction which will be conducted July 16 - 17 at the Grand Lodge Bldg. Twenty speakers will lecture on their specialties.

Cameron Hermann Sons Lodge No. 140 is an organization with both men and women as members.

Highway Program Approved Recently

D. C. Greer, State Highway Engineer, has announced that the State Highway Commission approved at its June meeting the 1963 and 1964 Consolidated Highway Program for District Seventeen.

C. B. Thames, district Engineer of the Texas Highway Department at Bryan, Texas, has stated that the following Highways in this area are scheduled for construction under this program:

U. S. Highway 79 - In Thorndale from West City Limit to East City Limit.

U. S. Highway 190 - From North Travis Street in Cameron Northwest to Bell County Line.

Thames announced that the preparation of plans and supervision of construction will be under the direction of Carol D. Zeigler, Resident Engineer, Hearne.

New Manager For Brazos Authority

Col. Walter J. Wells, native Texan and former district engineer of the Fort Worth district, U. S. Corps of Engineers, today was named general manager of the Brazos River Authority.

Col. Wells will take over the reins of the river authority from veteran general manager and treasurer, R. D. Collins. Collins is retiring from the top post of the authority. He will remain as treasurer and management consultant.

The announcement of the change in general managers was made today by J. Howard Fox of Hearne, BRA president, after a special called meeting of the board of directors in the authority's Waco headquarters.

Fox said the action taken by the board is an effort to relieve Collins from some of the burdensome details of the authority and will enable Collins to be of greater service because of his great knowledge of the Bazos watershed and statewide water problems.

"Collins in his new position will be of great benefit to the new manager and to each of us on the board of directors," Fox said.

RESEARCH STUDIES

Research studies by members of the Department of Entomology at Texas A & M College show that even light infestations of bollworms can cause sizeable cotton yield losses.

25-YEAR DREAM

Since 1937, the Negro Agricultural and Home Demonstration Councils have saved and applied money annually toward the development of a State 4-H Center for Negro 4-H Club members. Today, this camp located 6 miles West of Huntsville on FM 1791 is a reality.

With funds raised, donated, and solicited, the camping facilit- have a value in excess of $30,000 and have become a symbol of the efforts and cooperation by the State Councils, which function in cooperation with the Extension Service.

The Camp consists of 51 acres of forested - land, a lake for fishing, and swimming, boating equipment, a large dining room that will seat 250 boys and girls, a care takers cottage, wash - houses, and other facilities used for Camping.

Natural teaching areas exist, and individual cottages are being constructed to accomodate four 4-H club members each.

The long - range goals for the development and use of the Camp are: (1) to conduct each year, June thriugh August, 205 tri-county camps, with each County bringing 24 club members; (2) a short course for Camp counselors each year before the camp period; (3) an annual adult leader workshop, (4) to make the facilities available to other interested groups.

Annually, each participating County, through the Councils work toward furthering the long - range goals, with the ultimate objective being to strengthen and train boys and girls to be good citizens in our Democracy.

LEADERSHIP WORKSHOP

The District 4-H Leadership Workshop was held at Huntsville during three days last week. Boys and girls from 14 counties were in attendance. Milam County was represented by club members from the Cameron and Gause areas. The traning included: group living, food for growth, How to dress appropriately for different occasions, and recreation.

The State Camp will be held during the second week in July at the same location. Junior 4-H leaders wishing to attend should contact the Extension Office.

Mr. and Mrs. Don Davis of Houston spent the weekend with his mother Mrs. Bob Davis.

Mr. and Mrs. Charles Duncan visited their daughter and family Mr. and Mrs. W. E. Brown in Belton Saturday.

Behold the Ant . . .

• Science tells us that the strongest thing in the world for its size is the common red ant. This marvel of nature can lift 10 times its own weight.

As strong as the red ant may be, it has been proven that the most powerful thing for its size is the little want ad in your local newspaper.

The want ad, which costs only a few cents a day, does a hundred-fold job. This mighty mite of the printed page finds jobs for folks, sells used lawnmowers, rents houses, sells farms, loans money, finds missing persons, locates lost dogs, rents appliances, thanks folks, locates homes for surplus puppies, and performs a hundred and one useful services for the community.

Know why I look so Happy?

It's because *I am* happy! There are reasons for my happiness:

I was born in America, "the land of the free, and the home of the brave";

I was born into a Christian home;

I have the privilege of attending a good church and growing toward manhood under its Biblical instruction and spiritual ministry;

Soon I will enter a good public school to obtain my formal education.

My parents established the Christian home for me. They, and people like them, provide the church. Good citizens all around me make possible the public school with their personal interest and tax-supporting money.

To me, this is America: home, church, school and freedom of enterprise. Yes, these are the *foundation stones* of our great nation—the forces which give it stability and endurance.

As go the *homes,* so go the church, the school and the nation. How important then, that our homes shall be *genuinely* Christian!

Yes, I am happy in the midst of the influences of these things — and happy, too, that when I am a man, I can help assure these same great heritages for others who shall live after me.

27th Brigade Recalled For July 4th Rodeo

In 1861 the 27th Brigade from Central Texas answered the call to arms.

In 1962 the 27th Brigade is being "reactivated" in answer to a call to participate in the July Fourth celebration in Belton. This is the entry of the Central Texas Area Museum in Salado for the parade. The theme of the parade is the "Ole South."

The record of the Confederate Muster Rolls found in the Texas State Library indicates that 23 Companies making the 27th Brigade from Central Texas were the first from the area to answer the call to arms. States the record, "At the call to arms in 1861, the County Militia Companies from Milam, Bell, Coryell, Lampasas, Burnet and Williamson counties were mustered into service by Brigadier General E. Sterling C. Robertson."

The forces of the Confederate States were reorganized in 1862 under Confederate States laws and those required for service in the Confederate States Army were organized into regiments and mustered into the Confederate States service. Continues the record of the Confederate Muster Rolls, "Later these units were absorbed into the Provisional Army of the Confederate State of America--uniform and all. Although a standard uniform was adopted by the Confederacy any resemblance between what a soldier wore and what regulation decreed was largely accidental."

In "reactivating" the 27th Brigade for the July 4 celebration, there will be the 23 Captains, the Brigadier General, the flag bearers, the sign bearers and the bugler. All of the men will wear confederate grey with the soft grey cavalry hats, the right brim rolled and a feather on the left side.

The list of 1861 Captains and their 1962 "counterparts" who will ride horses and represent Milam County in the original brigade includes:

Captains of 1861	Captains of 1962
S. M. J. Benson	Sam Tindall, Cameron
W. R. Davis	Buddy Shipp, Cameron
F. A. Hill	Dr. Lyle McDermott, Cameron
R. McCullough	Make McDermott, Cameron
W. A. Sewell	Charles McDermott, Cameron
A. W. Sneed	Charlie Meyer, Davilla

Local Attorney To Attend Convention In San Antonio

Cameron attorney Emory B. Camp, newly - elected member of the State Bar board of directors, for the 11th Congressional District will participate in the organization's first international conventiin starting next Tuesday in San Antonio.

Some 3,500 persons will attend meetings in San Antonio for four days, and about 1,400 will go to Mexico City for joint sessions with the Bar of Mexico July 9-10.

Nationally - prominent speakers at San Antonio will include Sen. Ralph Yarborough, John C. Satterfield, president of the Ameicran Bar Association; and U. S. Deputy Attorney General Nicholas Katzenbach.

Social highiglht will be the annual banquet in Mexico City July 10. The speaker will be Ambassador deLesseps S. Morirosn, U. S. representative to the Council of the Organization of American States.

Cameron PTA Offers Leadership Course

Seven members of the newly elected Executive Board of the Cameron Parent - Teacher Association have completed the Parent Teacher Leadership Procedure Course and will receive certificates. This course was taught by Mrs. H. D. Maxwell of Rockdale, State Parliamentarian.

This course is designed to give an over - all picture of the parent-teacher organization, and to acquaint members with the basic fundamentals of parliamentary procedure.

Milam Post Offices Due New Features

A professional service contract has been awarded to W. C. Walcott and Associates of Austin for designing of air conditioning and lighting systems in the Cameron and Rockdale Post Officers.

The Cameron Post Office will have 4,500 feet for air conditioning and lighting and the Rockdale construction area is 3,750 feet.
